MEMORANDUM FOR: Director of Central Intelligence

VIA: Acting Deputy Director of
Central Intelligence

FROM: Michael J. Malanick
Acting Deputy Director for Administration

25X1A

SUBJECT: [REDACTED] Request for External Training

REFERENCE: Memorandum to the DCI from [REDACTED] Undated,
Subject: Request for External Training

25X1A

1. Action Requested: That you disapprove the referenced request for training.

2. Background:

25X1A

a. As stated in the reference, Mr. [REDACTED] has been declared excess to the needs of the Directorate of Operations. Pending his departure from the Agency, Mr. [REDACTED] is seeking training that would qualify him for employment in the industrial security field and is particularly interested in airport security.

25X1A

b. As you are aware, the Directorate of Administration is attempting, where possible, to assist excess DDO personnel with training that may prepare them for other employment. For example, the Office of Security is conducting additional security training classes for personnel seeking placement in industrial security. This internal Agency training does not include the executive protection or airport security training sought by Mr. [REDACTED]

25X1A

25X1A

c. Mr. [REDACTED] has been in contact with the Director of Training (DTR) concerning his request. The DTR determined that the courses requested involved tuition, plus the costs for per diem and travel. Under these conditions, the training would not be in accordance with the provisions of Title 5, U. S. Code, Chapter 41, so could not be authorized. Mr. [REDACTED] was advised of this, and the DTR assured him that the Office of Training

25X1A

would help him with training that is consistent with the authorities of the Agency.

d. Title 5 is sufficiently broad and flexible in authorizing the necessary training to develop skills, knowledge and abilities that will best qualify employees for performance of official duties. It does not authorize external training at Government expense for positions in the private sector.

3. Staff Position: The Office of General Counsel (OGC) has delivered an opinion that training of personnel for post-separation employment may be authorized "if based on security considerations and limited in scope." It is a further opinion of the OGC that a requisite justification for the expenditure of Government funds could not be established in this particular case.

4. Recommendation: That the request for external training be disapproved and the attached memorandum be forwarded to Mr. [REDACTED]

25X1A

Remarks:

Mike,
 During the preparation of this Paper I discovered that OGC had provided OP ^{with} an opinion on "retooling" training. The paper containing that opinion supports the recommendation to the DCI. [redacted] and OP are in agreement with the recommendation also. Harry
